

Why Melaleuca
beats owning
a traditional
business
hands down

If

you're like most Americans,
chances are you've dreamed
about being your own boss.

You've imagined what it would be like to set your own work hours,
determine your salary, and go on vacation whenever you feel like it.

But unlike some Americans,
you already have all the
resources you need to make
this happen—

you have Melaleuca.
